Limited Access Connections

2016 MOD Sandbox At a Glance

The purpose of this project and its funding is to determine if TNCs and transit can work together to improve availability of shared-use mobility options.

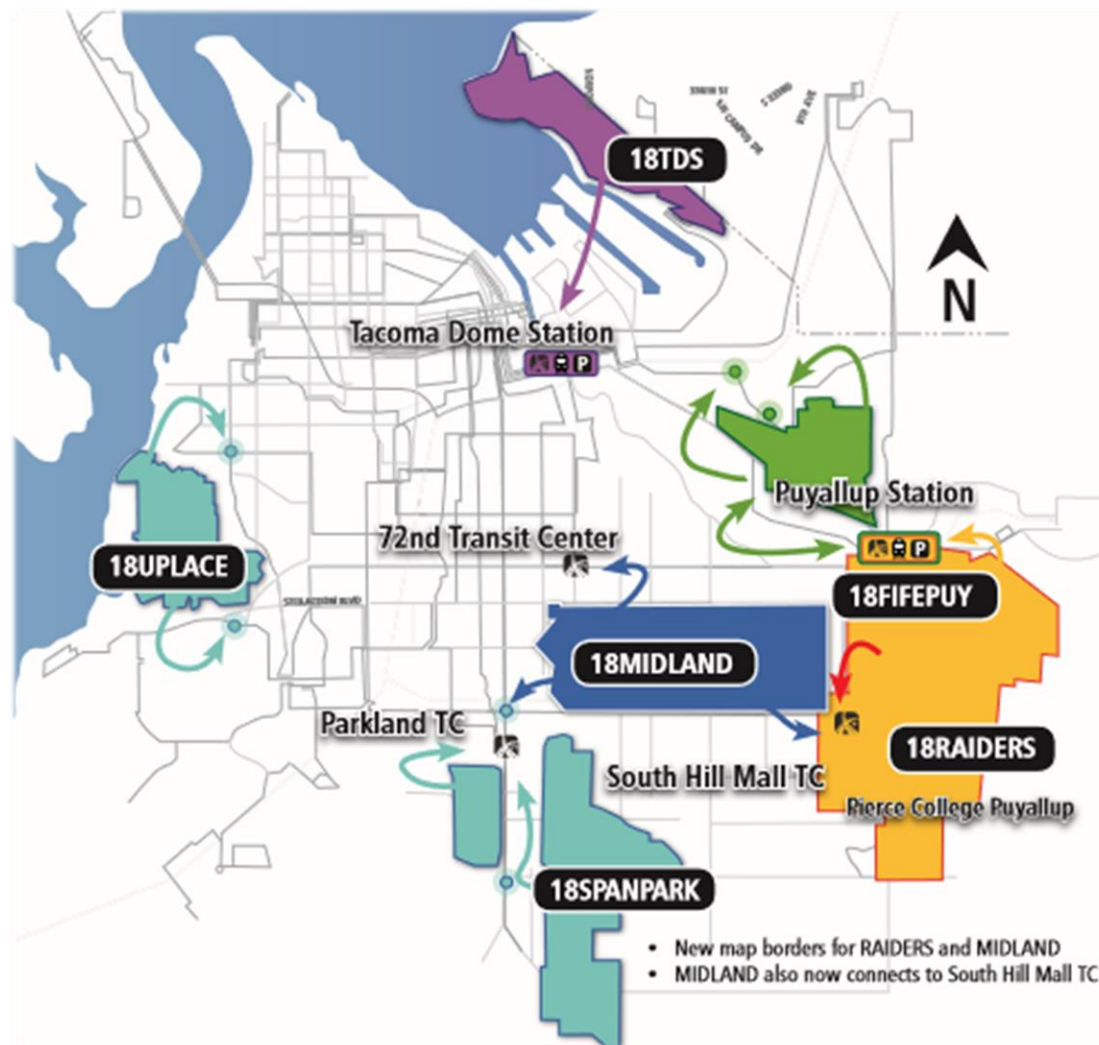

Limited Access Connections

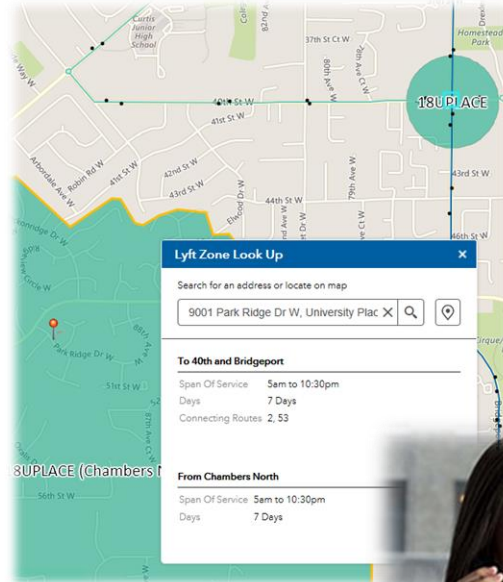

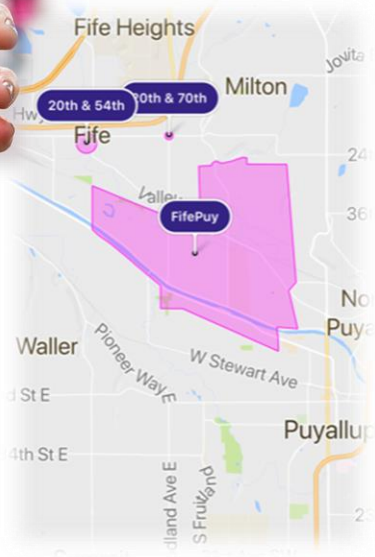

- **Goal:** to provide first and last mile connections to transit hubs and bus stops in areas/times of limited service
- **Challenges**
 - negotiations, data sharing with TNC
 - equity in service provision (WAV, phone, unbanked)
 - getting the word out
- **Current status:** launched May 15, 2018; ends Dec 31, 2019
