How to Ride the Bus

We make it a priority to provide safe, reliable, and friendly service. Here are a few tips for your ride:

- Wait for the bus at a bus stop sign or shelter. For safety reasons, riders may board and exit only at established Intercity Transit bus stops.
- Have your cash fare or pass ready when the bus arrives. Clearly display your <u>full</u> pass to the driver or pay cash fare as you board. To buy a daily pass, ask the driver for one when boarding.
- Let other passengers off the bus before you board. Allow riders
 using the lift to board first. If you need to use the lift, please wait
 at least five feet away from the door so the driver has enough
 room to lower it safely.
- You can ask the driver what stop is closest to your destination.
 The driver can usually answer your question and watch for your stop.
- Find a seat and sit down. Please allow seniors and riders with disabilities to sit in the front seats.
- Once your stop is announced, signal the driver by pulling the

yellow cord.

 Remain seated until the bus comes to a complete stop.
 Exit quickly through the rear door to allow room for boarding passengers.

Once you exit, step away from the bus and wait until it leaves before crossing the street. NEVER CROSS IN FRONT OF THE BUS – approaching motorists may not see you. Traffic doesn't stop for Intercity Transit buses like it does for school buses.

- Does NOT block aisles, doors, steps, or emergency exits.
- Is controlled by an adult in a space designated for mobility device at all times.

If the mobility-device spaces are occupied or at any time during the trip need to be occupied by a passenger using a mobility device, the parent or guardian must remove the child and fold the stroller. Children with special needs may remain in a stroller secured in the mobility-device position.

After using, please put the bus seat down.

For safety reasons, we recommend that riders with children in strollers back them down the ramp when exiting the bus.

Transit Watch

Let's Count on Each Other for a Safe Ride

Please be alert for suspicious packages or unusual behavior on any Intercity Transit bus. If you see an unattended package, a person hastily abandoning a package, or see a suspicious cloud, mist, odor or fluid, tell the driver. Do not use a cell phone around a suspicious package. Together, we can keep transit safe.

Bike & Ride Services

We provide bike racks on all buses except the Dash shuttle. Only folding bikes are allowed inside buses or vans.

We are not responsible for lost or damaged bicycles or equipment.

Using the Bike Racks

To prepare:

Before the vehicle approaches, remove items such as bike pumps, bags, helmets or water bottles that may fall off during the trip.

When the vehicle stops, tell the driver you want to use the bike rack. Allow exiting passengers with bicycles to unload first, then load your bike.

To load your bike:

- Squeeze and pull up on bike rack handle to release rack.
- Lower rack until it clicks into place.
- Lift bike onto rack, fitting front wheel into slot labeled "front".
- Pull out and raise support arm over top of front tire, positioning it as high on the tire as possible.
- Do not lock bike to rack.

To unload your bike:

- For your safety, tell the driver that you'll be unloading your bike and exit through the front door.
- · Raise support arm up and off bike's front tire.
- Lift and remove bike from rack.
- If no other bike is on rack, secure rack into upright position.
- After unloading your bike, move to the curb quickly. Always wait until the vehicle pulls away before crossing the street. NEVER CROSS IN FRONT OF THE BUS

- Wait at least five feet from the bus so the driver can lower the ramp.
- After boarding, move to the mobility-device securement area and lock your brakes. We recommend using the safety belt. The driver will secure the tie-down straps.

Getting off the bus:

- Push the yellow stop request button about one block before your stop to signal the driver.
- Wait for the bus to come to a complete stop. The driver will unfasten the securement straps and seat belt.
- Exit using the ramp. Wait until the bus pulls away before crossing the street. NEVER CROSS IN FRONT OF THE BUS – approaching motorists may not see you.

How to Read the Schedules

What is a timepoint?

Timepoints (#) are bus stops at major intersections. Each timepoint on a route is listed on the schedule. Timepoints are usually spaced about 5-10 minutes apart. You can use these to estimate the time a bus will arrive at your bus stop.

How do I read a schedule?

- First, look at the map and determine:
 - Where you want to catch the bus and which timepoint is nearest that location.
 - ▶ Where you want to go.
 - ▶ The direction you will travel.
- Then, select the schedule that corresponds with the day of the week and the direction you will be traveling.
- When you have the right schedule, find the timepoint you'll be using as a guide. If you are boarding the bus at a stop that lies between two timepoints, use the earlier timepoint on the left to estimate when the bus will reach your stop.
- Look down the column to find the time you want to leave. Then, read across to the right to find the time the bus will arrive at your destination. A dash (–) is used when there is no service at a stop.

How do I make a transfer?

If you need to transfer to another route to reach your final destination, locate the nearest Transfer Station. Transfer Stations (T) serve several routes and are located at major shopping areas.

If your bus is running late and you are transferring to another bus, let your driver know. They will tell the connecting driver to wait for you up to three minutes past the scheduled departure time.

You must present a valid daily pass or pay an additional fare each time you transfer.

What if I need more information?

If you have questions or need help reading a schedule, call, email or visit Customer Service at the Olympia Transit Center, located in downtown Olympia on State Avenue. Our staff is available seven days a week and will gladly answer your questions.

Schedule Tips

Bus route numbers indicate the area served. In general, route numbers in the:

- Teens serve Capitol Way and Tumwater.
- 20s serve areas north and east of downtown Olympia.
- 40s serve Olympia's westside.
- 60s serve Lacey.

Buses may continue as a different route at a major transfer center, such as the Olympia or Lacey Transit Centers.

How to Read a Timetable

- 1 Route number and days of service
- Timepoint Buses also stop between timepoints. Timepoints help you determine when the bus will arrive at your stop. A dash in place of a time means the bus does not serve that timepoint on that trip.
- 3 Direction bus is traveling
- 4 Service notes and modifications

Winter Weather Information

Which routes have detours?

If you see the snow detour symbol on your route map, your bus may need to travel on an alternate route during snow, thaw or icy conditions.

When snow, thaw or icy conditions occur:

Tune your radio to KGY 96.9 FM, KRXY 94.5 FM, KXXO 96.1 FM or check Facebook or Twitter to see if your route is on snow detour. You may also go to **intercitytransit.com** or call Customer Service at **360-786-1881** for route and schedule changes.

Please be patient when calling Customer Service during bad weather as phone lines are busier than usual. We'll take your call as soon as possible.

Winter weather tips:

- If you live in an area where streets are lightly traveled, walk to the nearest main street or call Customer Service for your nearest bus stop.
- Give yourself plenty of time, dress warmly and be patient. Your bus may be running behind schedule.
- If you live in a hilly area, wait at a bus stop at the top or bottom of a hill, not in the middle.
- At dawn and dusk, light colored clothing and a flashlight will help you see and make you more visible to drivers.

Freeze & thaw road restrictions:

City and county road restrictions due to freeze and thaw conditions may limit our ability to run full-sized buses on some streets.

Weather-related service changes:

- Ramps and lifts may not operate in freezing temperatures. Snow and ice at bus stops can make boarding unsafe.
- Dial-A-Lift will continue to operate except in areas where it is determined to be unsafe. For information, call 360-754-9393.
- Routes may be delayed or cancelled in poor weather. Call Customer Service for information.

Snow Detours

If your route is on "snow detour," refer to the maps and information that follow. More detours on additional routes may apply during severe weather conditions.

Route 41, page 31: If the dorm loop is closed, the bus will turn left from Overhulse and continue to library loop.

Route 43, page 37: If Lakeridge Drive is closed, the bus will serve SPSCC via I-5 and Highway 101. Shuttle service will be provided between SPSCC and the Thurston County Courthouse and vicinity. If Barnes Boulevard over Tumwater Hill is impassable, the bus will follow Highway 101, 2nd Ave., Linwood Ave., Capital Blvd. to Tumwater Square. Inbound the bus will follow Capitol Blvd., E St. to Deschutes Way and Highway 101 to SPSCC. If the Crosby entrance to SPSCC is closed, service will be to SPSCC's Mottman Rd. entrance.

Route 44, page 41: If Lakeridge Drive is closed, the bus will serve SPSCC, via I-5 and Highway 101 before continuing to Capital Mall. Shuttle service will be provided between SPSCC and the Thurston County Courthouse and vicinity. If the Crosby Boulevard entrance to SPSCC is closed, the bus will serve SPSCC from Mottman Road only.

Route 45, page 45: If Garfield Hill between Rogers and Perry is unsafe, the bus will travel along Rogers to Harrison to downtown.

Route 47, page 47: The bus will use Harrison and Percival instead of 4th to travel to the westside.

Route 60, page 57: The bus will bypass Legion Way between Eastside and Fir by using State and 4th.

Route 64, page 67: If Union Ave hill is unsafe, the bus will bypass Union between Central and Boulevard by using State, 4th and Pacific.
